

Wireless Presentation Solutions

(For conference room with projector)

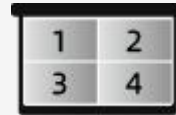

Key Features

BYOD

Bring your own device

4-split Screen

Interact with four screens simultaneously

IQ SmartPen

Improve efficiency

BYOD

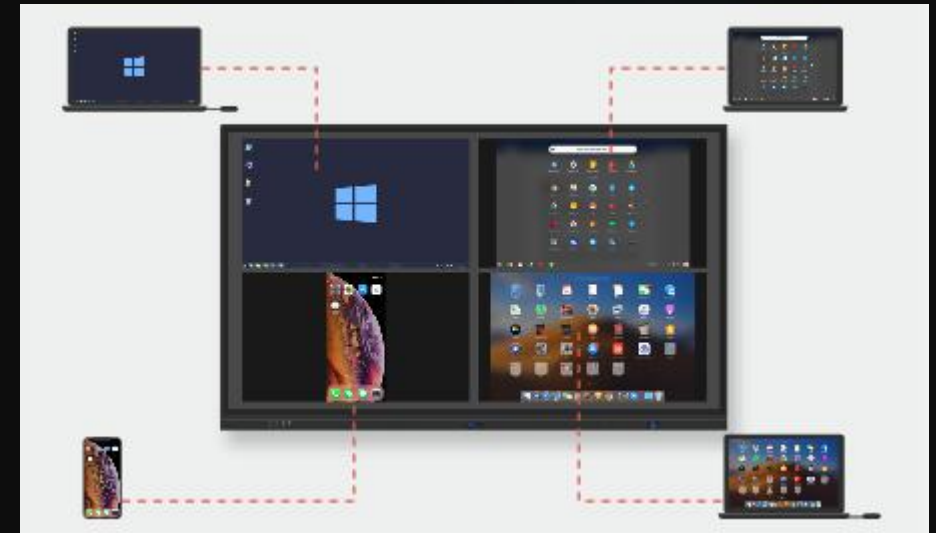

Bring your own device

PC/Laptop

Wireless screen share with a single tap.

Smart Phone/Tablet

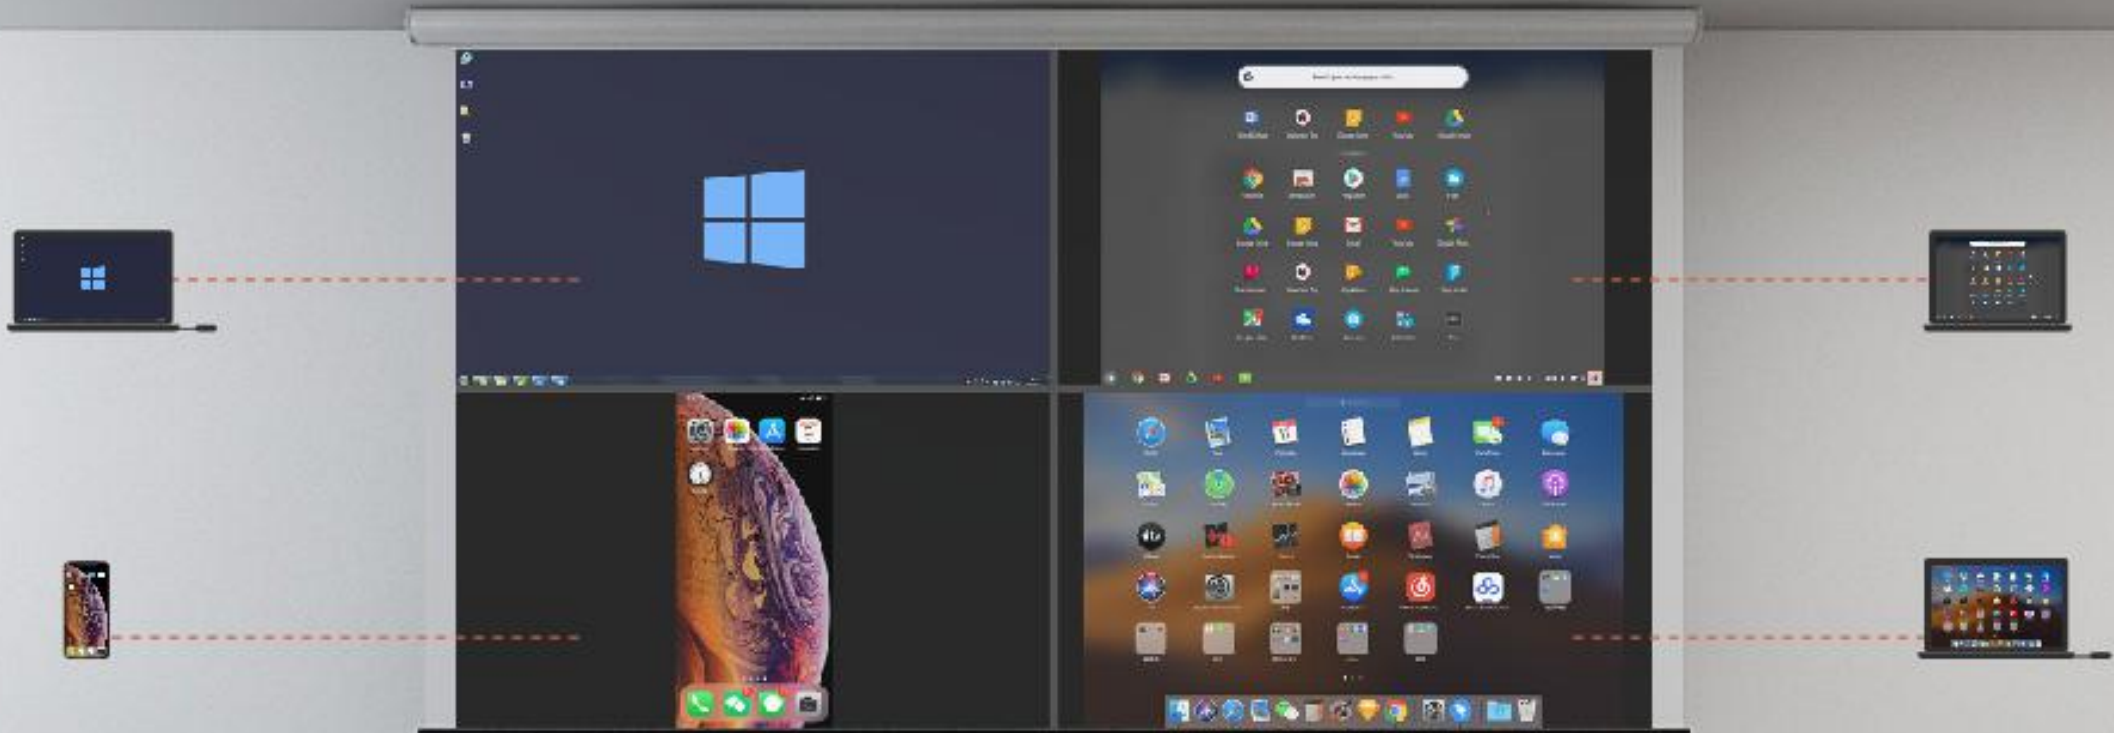

Walk around the room presenting while controlling the projection screen using your mobile devices.

Increase audience engagement and collaboration with effective, interactive presentations.

And keep meetings organized and easily communicate outcomes.

4-split Screen

Interact with four screens simultaneously

Support up to 8 devices connected and 4 screens displayed at a time. Improve your collaboration experience with multiple presentations running at the same time. Meetings are more collaborative when colleagues capture ideas, questions and feedback in the presentation while facing the audience.

IQ SmartPen

Improve efficiency

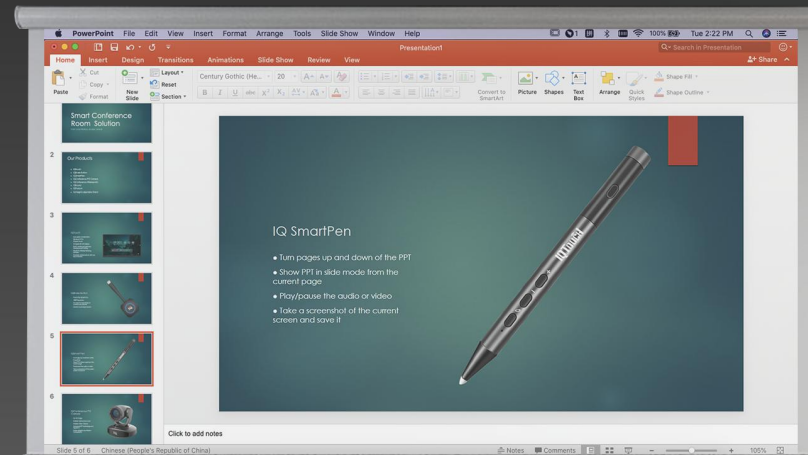

Page up

Page down

With IQ SmartPen, attendees can control the conference documents remotely, turn pages up and down, make annotations and take a screenshot of the annotations to save.

Roam freely while presenting by using all-in-one IQ SmartPen 33ft (10 meters) away from IQTouch. Switch between three pointing modes to highlight, magnify or pinpoint focus areas.
